CONDITION OF THE MARKETS

On Lower Paris Cables "Bears" Rushed in and Captured Chicago Grain Pits.

The Long-Expected Slump in French Wheat Came with a Vengeance and All Cereals Declined-Pork Was Sympathetic.

MONEY, STOCKS AND BONDS.

Denial of Certain Railroad Rumors Affoat Yesterday Lent New Strength to the Market. NEW YORK, July 15.-Money on call was easy, ranging from 112 to 2 per cent., the last loan being made at 112, closing offered at 112 per cent.

Prime mercantile paper, 510@7 per cent. Sterling exchange was dull but weak at \$4.85 for sixty-day bills and \$4.87 for demand.

The total sales of stocks to-day were 64,-588 shares, including the following: Atchison, 10,404; Chicago Gas, 3,875; Louisville & Nashville, 6,250; Richmond & West Point, 5,815; St. Paul, 12,800.

The speculative pendulum swung in the opposite direction to-day, and the heaviness regard to dissensions at the railroad meeting, was replaced by considerable strength, aided by limited foreign purchases and the weakness in exchange rates. The absence of any material demand for railroad mortgages, which is regarded as an indication that large capitalists are indifferent to the attraction of such securities as investments, encourages the trading element to attack prices whenever the opportunity offers, and, in a measure, checks new buying of stocks. The market to-day showed no change from its dull and narrow condition, but the local operators are more inclined to buy, and the few purchases by foreign houses caused a marked improvement in the temper of the day's operations. Chicago Gas was better held, and while Richmond & West Point took its place at the weak spot in the list its loss was inconsiderable. The late reports of earnings kept alive the interest in the grangers, espe-cially St. Paul and Atchison, but the remainder were dull and showed only a moderate sympathy with the strength in the leaders. This of itself was not in any manner prominent after the completion of the early buying, and, in fact, prices settled away slowly because of nothing but the general indisposition to trade, the duliness all through the afternoon being most oppressive. The traders also struck upon Richmond & West Point and Louisville as objects of special attention and sold each down a small fraction. The rest of the list sympathized in a languid manner, but Illinois Central, for no appar-ent reason, dropped off from 95 to 9312 per cent. The market finally closed extremely dull and rather heavy at a shade under first prices as a rule. The active list shows no material change for the day, some stocks showing slight gains and others equally as

insignificant losses. Railroad bonds were enlivened by some buying of the Atchison issues, and the incomes were specially active under the stimulus, the sales extending to \$246,000 out of a total day's business of only \$780,-000. The business, however resulted in only slight appreciation in values, and while the general market was given a firm tone the usual slight changes only were

Government bonds have been dull and firm. State bonds were dull and steady. Closing quotations were:

TRADING AT CHICAGO

Wheat Opened a Shade Higher but Gave Way to Bearish News. CHICAGO, July 15 .- Wheat opened a shade higher than it closed yesterday, in sympathy with the strength in corn, but the appreciation was quickly lost under the influence of the bearish news of the day. The most potent piece of news was an unconfirmed Paris cable which quoted wheat in that market demoralized and the equivalent to 71ge per bu lower. The understanding on the board was that, earlier | day, and received quite an impetus on the in the season, when the outlook for the French wheat crop was at its worst, French speculators had loaded up with futures at high prices; so that the subsequent better ontlook there and the evidences of a bountiful and tine crop in this country given by the recent receipts of new wheat, together with the recent reduction of the French import duty, had convinced these speculative holders that their expectations of high prices could not be realized and that they had therefore decided to accept their losses and had thrown their holdings overboard. The Liverpool and London wheat markets were weak and lower, in sympathy with Paris. Receipts at all winter-wheat markets in this country were liberal and good in quality. Chicago got cars of new wheat, of which were of contract grade. Finally weather was favorable for harvesting. of this could have only one result-a decline in values. Pardrige, White, Lindblom and Baldwin led the cohorts of sellers, and prices gradually receded under the load of offerings. There was some reaction later, on purchases by "shorts" to take profits, but it was not a substantial advance, and when corn broke later in the day another wave of weakness swept over the wheat pit, carrying prices to even lower figures than before. Estimates of 480 car-loads as due to arrive to morrow contributed to this recession. December wheat opened at 8712c, sold up to 875,0 874c, split, gradually receded to 867sc, ral-

Corn opened strong and higher, with "shorts" thoroughly alarmed and covering freely. The receipts were about forty cars above the estimates, but with the light stocks here and the supposed big "short" interest there was some excitement for a few minutes and an advance of ic from last night's close. Later, nowever, the selling became very free, and most anxious buyers having got what they wanted and with-drawn, prices began to soften. Then came the break in wheat, and an estimate of 504 cars for to-morrow, and there was a slump. September opened at 5234c, sold up to 584c, broke to 524c, fluctuated for a time between that and 5238@5212c, dropped again near the close to 517sc, and closed at 52c. Oats were quiet and without feature, the fluctuations in the price of that grain being mainly in sympathy with those in corn. Provisions opened strong and higher on the fact that hog receipts were much below expectations and prices 10@15c higher at the stock-yards. Later the break in grain, and especially in corn, led to a de-cline. September pork opened at \$10.5712.

closed at that, an advance over yesterday's close of 21gc. Lard is unchanged and ribs .021g@.05c higher. The leading futures ranged as follows:

Op'ning Highest, Lowest | Closing. Options. 87 78 83 38 85 19 87 19 58 19 54 34 52 34 35 19 29 14 Aug \$10.65 \$10.5219 \$10.5219 10.70 10.60 10.6712 Lard—Sept..... Sh'tribs—Sept 6.40 6.50 6,50

Sheep-Receipts, 1,000; shipments, 4,200.

INDIANAPOLIS MARKETS. Rather Quiet in All Departments of Trade,

Market steady.

with Few Changes in Values. INDIANAPOLIS, July 15.-A summer dullness is gradually coming over the local markets generally, and quiet times are looked for for some weeks to come; but all indications are that there is to be an early and active fall trade. Money is easy and bids fair to be plenty, and with this on all important staple articles prices rule unusually steady, most articles being at bottom prices. The provision and the flour markets are unsettled, but can hardly be said to be weak. In a revision of prices of hog products yesterday there were as many advances in prices as declines. The hide market is tame, with no indications when an improvement will come. The produce men are busy, and when the abundance of everything in the fruit and vegetable line is considered, good prices are ruling. Poultry and eggs are still in active request and firm at quotations.

There is more activity to the local market, and receipts are increasing, but prices carry an easy tone, except on the better grades of corn. Wheat went off 34c to-day. while No. 1 and 2 grades of white corn advanced 12c. Oats were off 14c to Track bids ruled as follows:

Wheat-No. 2 red, 8334c; No. 3 red, 78c; rejected, 60@70c; unmerchantable, 50@60c. 19, in Steven's subdivision of outlot

Kate Field's Washington.

In filling out a list of purchases I always try to pay for the first thing bought a little more than I had previously planned to. Long experience has proved that this induces a feeling of caution for the rest of the day and leaves a comfortable balance in the purse when night comes. To save a dollar or two on the first purchase is fatal! It gives one such a virtuous sense of well- is a practice which ruins character and

ONE ENJOYS

Both the method and results when Syrup of Figs is taken; it is pleasant and refreshing to the taste, and acts gently yet promptly on the Kidneys, Liver and Bowels, cleanses the system effectually, dispels colds, headaches and fevers and cures habitual constipation. Syrup of Figs is the only remedy of its kind ever produced, pleasing to the taste and acceptable to the stomach, prompt in its action and truly beneficial in its effects, prepared only from the most healthy and agreeable substances, its many excellent qualities commend it to all and have made it the most popular remedy known.

Syrup of Figs is for sale in 50c and \$1 bottles by all leading druggists. Any reliable druggist who may not have it on hand will procure it promptly for any one who wishes to try it. Do not accept any substitute.

people find it impos-sible to wear lower plates. The patent springs have solved the problem. The most difficult cases are made so that the teeth can be worn with perfect satisfaction. Those who are having trouble with artificial teeth should call on the

finished list and is in a state of hopeless in-It never pays to institute a system of personal economy so severe that a reaction is thereby brought about. Good resolutions are fragile things and should not be subjected to too great a strain. The wisest system is that which takes into account the weaknesses of human nature and provides to meet them.

the day the mistaken economist has an un-

It is impossible to estimate the sum annually wasted by those excellent house-keepers who carry their frugality too far. Matinee lunches and little restaurant din ners have no temptation for the members of a family whose domestic arrangements are above reproach. A clever newspaper paragrapher discovered that it was the husband of the woman who thought 50 cents a quart too much for strawberries whosi ways ordered them at 75 cents a portion for ha midday lunch. The girl who is given a tailor-made gown will lay aside more than its value in ribbons and feathers in the at-

tempt to live up to it.
"Why do your things last so much longer than mine?" asked one housekeeper of another. "I never buy anything which is not too good to abuse," said the wiser of the

The whole philosophy of spending is covered by a few simple principles. The art of "a little money go a long way," as the familiar phrase has it, is not at all an abstruse one. Hoard money only to the point of reasonable prudence; beyond this is bad religion, bad policy and bad sociology. It
